

**We are seeking volunteer management (VM) workers for the annual Region 5 mass casualty exercise. VM workers prepare and manage the victims who go into the hospitals to test medical surge. Hospitals across the region are participating, along with approximately 2,000 victim volunteers, so we need your help!**

**Why is this important? "In the midst of devastation, frequent mass casualty exercises are not just a practice—they are the foundation upon which success is built, ensuring readiness when it matters most." Said Trauma Medical Director, HCA Florida Lawnwood Hospital, following the 2024 tornado outbreak.**
