

"In the midst of devastation, frequent mass casualty exercises are not just a practice—they are the foundation upon which success is built, ensuring readiness when it matters most." Said Trauma Medical Director, HCA Florida Lawnwood Hospital, following the 2024 tornado outbreak.

We are seeking individuals to serve as evaluators and controllers in the 2025 Region 5 full-scale mass casualty medical surge exercise. This is a great opportunity to play a part in preparing Central Florida's response capabilities.

Controller & Evaluator Duties

Additional training will be provided prior to the exercise

Controllers

- Set up and operate the exercise site
- Plan and manage exercise play
- Act in the roles of response individuals and agencies not playing in the exercise
- Controllers direct the pace of exercise play
- Manage injects
- Manage actors
- Manage venue safety

Evaluators

- Evaluate and provide feedback on a designated functional area of the exercise
- Assess and document participants' performance against established emergency plans and exercise evaluation criteria
- Evaluators play a passive role in the exercise and only note the actions of players; they do not interfere with the flow of the exercise
